STEM

Southeastern Massachusetts Network

Corporate Partner Program

STEM stands for Science, Technology, Engineering, and Math. The SE MA STEM Network represents over 1500 individuals from business, K-12, higher education, and community organizations. Our goal is to forge relations between STEM professionals and young people, from kindergarten to college, to inspire more youth to enter STEM fields.

Requirement for Participation

The SE Corporate Program is open to all school districts in southeastern Massachusetts and Cape & Islands that have a STEM Education Team involved in developing a STEM plan. For more information go to: www.connectsemass.org/stem/STEMeducationteams

Request for Volunteer

If you would like to request a volunteer STEM professional to participate in your classroom or event, complete the following and email to STEMCorporatePartner@connectsemass.org.
