Public Higher Education  
Partnership

## CAREER NETWORK

The CONNECT Career Network was created to assist those academic professionals who have life partners who also have chosen academic career paths or who have elected to work in the higher education environment. Our goal is to provide information that will assist in job searches for these dual, higher education career partners.

# CONNECT

A Southeastern Massachusetts  
Public Higher Education  
Partnership

## CAREER NETWORK

*CONNECT is a partnership of public higher education institutions in Southeastern Massachusetts. Established in January 2003, CONNECT has two basic goals: to improve the quality, accessibility and affordability of higher education; and to advance the economic, educational and cultural life of Southeastern Massachusetts.*

*Colleagues in the CONNECT communities meet regularly to enhance the educational experience of our students, identify opportunities to share resources, and discuss how we collectively respond to the needs of the region.*
