

CREATING CONTEXT FOR TEACHING NIGHT

How do we prepare students to read and understand Elie Wiesel's *Night* within the larger historical framework of the Holocaust?

This learning opportunity explores materials and instructional strategies available in Echoes & Reflections to support effective teaching of the memoir, as well as provides additional background to integrate into instruction.

WHAT IS ECHOES & REFLECTIONS?

Echoes & Reflections is the premier source for Holocaust educational materials and dynamic content, empowering teachers and students with the insight needed to question the past and foresight to impact the future. We partner with educators to support them, foster confidence, and amplify their skills and resources to teach about the Holocaust in a comprehensive and meaningful way.

PROGRAM GOALS

Through this program, educators will:

- 1 Become familiar with the content and pedagogy of Echoes & Reflections through experiential activities;
- 2 Enhance personal knowledge about the Holocaust;
- 3 Explore Echoes & Reflections multimedia assets including the correlated visual history testimonies and other primary resources and materials, and
- 4 Be introduced to iWitness, an online complement to Echoes & Reflections that includes interactive student-centered activities.

WHAT'S INCLUDED

- History of antisemitism and the ghettos for context prior to teaching *Night*
- Interdisciplinary materials, including art work, photographs, poetry, and personal narratives for teaching about the "Final Solution"
- Significant themes of the memoir and additional resources to support the teaching of the text

"Possibly one of the best learning experiences I have ever been a part of."
