**Plan to Replicate** (at least one element)

**NOTE:** *It is not expected that a team would replicate a residential program only that they would review program materials and select at least one element to replicate.*

The team will be able to access electronically or will receive a copy of Envision the Future materials. The team would choose one or more elements to replicate. Replication may include the creation of new offerings or integration of elements into present programs. Elements include workshops, activities, Meet & Greet Women STEM Professionals, Women at Work Exhibit, Women Heroes Writing Project, and STEM Career Exploration. What element(s) do you think your team would most likely replicate.

**At least three team members have read and understand the expectations for teams**     Yes     No

- **Envision the Future Replication Teams**

Composed of 3-10 forward thinking community members.

- **Selecting Participants** - Identify a girl age 11-13 to attend Envision the Future who is interested in attending, curious, able to work collaboratively, understands that the program is engaging and challenging, and confirms that she is comfortable with participating in a residential program – 4 nights and 5 days.
- **Meet with Parents** - A representative of the team would meet with a parent(s) or guardian(s) to ensure they want their daughter to attend a residential program and that the cost to the family is \$50.00. They would be encouraged to attend the presentations by the participants on the last day of the program on July 24, 2015.
- **Participation in Envision the Future Program** - The team agrees that a representative of the team will attend one day (July 20-23, 2015) for at least two hours to observe an activity and a representative will attend on the last day (July 24, 2015) to see the presentations by the Futurists and gather resources to support replication activities.
- **Replication** - The team will be able to access electronically or will receive a copy of Envision the Future activities and materials. The team would choose one or more activities to replicate.  
*NOTE: It is not expected that a team would replicate a residential program only that they would review program materials and select at least one activity to replicate.*
- **Provide an Opportunity for Futurists to Present** - The team would arrange for the girls to make a presentation about Envision the Future to a group which could include their peers, educators, parents, members of community organizations, and/or school committee members. At least one member would work with the girls to prepare for the presentation that would feature highlights of the program.
- **Follow Up Meeting** - At least one representative of the team would attend and discuss replication efforts at one or more SE MA STEM Network events in 2015 or 2016.
- **Secure Financial Contributions – Envision the Future Participant Supporter**  
The cost for each girls to attend is \$550.00.  
Futurist Supporter Contribution: Supporters would contribute \$500 per girls and could include businesses, a Rotary Club, an educational foundation, an individual, or a community organization.  
Parent Contribution: parents contribute \$50.00 for their daughter to attend. Parents will be invited to attend the orientation on July 20, 2015 and the presentations on July 24, 2015.

***NOTE:** Transportation to the program on July 20, 2015 and from the program on July 24, 2015 is the responsibility of the team or parents.*

**Plan to Secure Financial Support for attendee(s) – girl(s) ages 11-13:**     1     2     3     4     5
